Curb Placement for Containers

If your trash and recycling containers are picked up in front of your home, the best place is at the end of the driveway or on the grass within 2-3 feet from the road and away from any other objects.

Do not place the containers near parked vehicles. When dumping your containers, the driver must have clear access to it.

Do not place the containers where it will block delivery of your mail.

Most importantly, do not place your containers in the street.

1950s-1970s North Springboro Pike Area

by: Dave Miller

The area where Main Street meets Springboro Pike/State Route 741 looked vastly different 60 years ago.

Across from WDTN Channel 2, this large building had businesses that changed hands multiple times throughout the years. The building at 4650 North Springboro Pike, now occupied by AAA and Kastle Electric, was once a popular Goldman's Bargain Barn and then K-Mart (often referred to as the "Moraine Mall"). This was an important place for Moraine residents to shop before malls and big box stores came into existence. On the west end of the building was the Donuts Inc. Shop, home of 52 varieties of donuts and the world's greatest coffee. Local bluegrass and country jam sessions were held in the parking lot every Saturday night. Also, in the parking lot was Wisy-Washy Car Wash.

Next door at 4725 Springboro Pike, where Kyle's Auto Mall now exists, former businesses that occupied that location were Goofy Golf, a Noble Romans Pizza restaurant, an Arnold Palmer Putt-Putt, a Burger Chef, and a pawn shop. Next door where the Waffle House is now, there was once a gas station, auto repair garage and long ago a Frost Top Root Beer stand.

Senior citizens will nostalgically remember that across the street at the western corner of Main Street and Springboro Pike in the 1950s and 1960s was the Pottery Barn, consisting of two old circa 1930 interurban railroad/trolley cars. The business sold pottery, colored glass globes, bird fountain stands, cement statues and lawn ornaments.

Many businesses have come and gone through the years, but their memories remain.

The Parks and Recreation had a great spring season. The annual Easter Egg Hunt was held at the Payne Recreation Center and was a popular event! The staff filled over 7,000 eggs and made 24 prize baskets for those who found a prize egg. In April, the Total Solar Eclipse event was held at Wax Park and participants experienced a once in a lifetime view of the eclipse including fun activities for kids and adults. The Payne Recreation Center received new equipment in the weight and cardio rooms including the additions of a new Smith machine, stair climber, ellipticals, and much more!

Looking ahead to summer, Parks and Recreation will be bringing back Summer Camp for six action packed weeks! And as always, the Star-Spangled Boom will be on the 4th of July. The event will start at 6:00 p.m. with food trucks, inflatables, carnival games, and great music! Headliner Nashville Crush will take the stage at 7:30 p.m. with fireworks at 10:00 p.m. Look for our best show yet!

Tree City USA

On April 19th, the City was honored with the 2023 Tree City USA status by Ohio Department of Natural Resources (ODNR) and the Arbor Day Foundation at the Tipp City Center. This is the 13th year that the City has been awarded the Tree City USA status. Parks and Recreation Director Brent Shane, City Planner Nick Sorice, and Clerk of Council Amy Brown worked together as a team to continue Tree City USA in Moraine.

The Tree Board helps direct our proper intentions of tree care throughout the City. With immense support of the Parks and Recreation Department, the City holds an Arbor Day program each year for the education and activity opportunities for the public. The greenspace and forestry of Moraine play a major role in improving mental and physical health among residents. The care and maintenance of City's trees is made possible by the Streets Division as trees are analyzed each and every year to continue to grow.

The mission of Moraine is to keep this status indefinitely to have the businesses and residents feel at home in a safe, healthy environment.
